Eyvaz Alishov
ICT Project Manager/ICT Policy Adviser/Full-Stack Developer

PROFILE

ICT professional with a robust background in strategic management and technical development. With over seven years of experience driving digital transformation in the government sector, three years of leadership as a Managing Director in the private sector, and three years as a Full-Stack Developer, I bring a diverse skill set to the table. I excel in overseeing and executing large-scale ICT projects, focusing on enhancing digital platforms and optimizing operational efficiency. I am adept at developing and implementing strategies, negotiating contracts, and aligning technological solutions with organizational goals. My recent transition into Full-Stack Development leverages advanced skills in TypeScript, JavaScript, and various frameworks to deliver innovative solutions. Recognized for strategic thinking, effective problem-solving, and bridging communication gaps between technical and non-technical stakeholders, I ensure successful project outcomes and drive continuous improvement.

PROFESSIONAL EXPERIENCE

Virittämö - Helsingin kaupunki / Full-stack software developer
02/2024–09/2024, Helsinki, Finland

- Developed and maintained applications, working with teams to improve performance. Implemented authentication systems and CI/CD practices to optimize deployment efficiency.
- Prepared a well-structured documentation for various projects.

Kyky Today Oy / Full-stack software developer
07/2023 – 01/2024, Helsinki, Finland

- Spearheaded the development of user-centric software solutions, leading a team of developers in adopting Agile methodologies to optimize project deliverables.
- Enhanced website capabilities by integrating new features, improving performance and user engagement.

CoMoon GmbH / Co-founder/Managing Director
01/ 2018 – 06/2023, Hamburg, Germany

- Directed and optimized relationships with international partners and vendors. Negotiated contracts and agreements to align with business goals and enhance operational efficiency.
- Led project teams, establishing clear objectives and deadlines, resulting in enhanced sales and client satisfaction.
- Formulated and implemented effective project risk mitigation strategies ensuring on-time and within budget delivery.

The Cabinet of Ministers / ICT Policy Adviser to Prime Minister
09/2014 - 04/2015, Baku, Azerbaijan

- Coordinated ICT activities across government bodies, influencing policy and improving service delivery.
- Reviewed and finalized ICT-related legal drafts and resolutions, fostering governmental transparency and efficiency.
- Offered proposals to improve the functionality of state bodies responsible for the development of ICT in the country.

United Nations / Coordinator of technical staff at IGF 2012
11/2012 - 11/2012 Baku, Azerbaijan

- Led and managed the technical team responsible for the setup and maintenance of IT infrastructure during the 7th Annual Internet Governance Forum (IGF) 2012
- Ensured seamless operation of all technical equipment and systems, including audio-visual, networking, and presentation technologies.
- Coordinated the allocation of technical resources and personnel, ensuring that all technical aspects of the event were executed efficiently and to a high standard.

The Ministry of Communications and Information Technologies / Leading/Senior ICT Policy Adviser
06/2009 - 09/2014, Baku, Azerbaijan

- Led multiple national ICT projects, focusing on e-commerce, cybersecurity, and digital services, significantly improving public access to government services.
- Engaged in EU-Azerbaijan negotiations within the Eastern Partnership initiative, contributing to sub-committees on Justice, Freedom, Security, Human Rights, and Democracy.
- Developed national strategies for data privacy in alignment with EU General Data Protection Regulations, enhancing information security and personal data privacy across Azerbaijan.
- Represented Azerbaijan at international conferences and training courses on ICT policy and data privacy in Germany, Belgium, Russia, Estonia, Singapore, and Japan
